

THE WEEKLY SENTINEL.

ESTABLISHED 1852.

A Progressive-Democratic Family Newspaper, issued every Thursday Morning by the Oldham Publishing House, and mailed to subscribers at \$1.50 a year.

Conducted by

Edward A. Oldham

AND ASSISTED BY A LARGER AND MORE THOROUGHLY EQUIPPED CORPS OF CORRESPONDENTS AND CONTRIBUTORS, THAN THAT ENGAGED BY ANY OTHER JOURNAL IN NORTH CAROLINA.

THE SENTINEL HAS THE LARGEST CIRCULATION IN WINSTON-SALEM, FORSYTH COUNTY, AND THE 5TH CONGRESSIONAL DISTRICT. IT IS THEREFORE THE BEST ADVERTISING MEDIUM WITHIN THIS TERRITORY. RATES MADE KNOWN UPON APPLICATION.

Address, **OLDHAM PUBLISHING HOUSE, WINSTON, N. C.**

Advertisements to be inserted every other week and having special position will be charged 10 percent extra.

Advertisements which desire changes in their positions must be sent in copy not later than Monday noon to insure change.

Advertisements discontinued before the time contracted for has expired, charged transient rates for time actually published.

The patrons of THE SENTINEL while visiting New York can find this paper on file in the Newspaper Room of Messrs. George P. Russell & Co., 10 Spruce Street.

The Sentinel desires the name and address of every North Carolinian now living in other States, and it earnestly asks of its readers to forward to us all they know of, beside mentioning the matter to their friends, and getting them to do likewise. Our State exchanges are respectfully requested to assist us also in giving publicity to this paragraph. All of our readers should know of many who were formerly from North Carolina. Please send their names on a postal.

Entered at Windsor Post Office as 2d-class matter.

THE PRACTICAL COMMON SENSE DEMOCRATIC VOTERS KNOW THAT THE INTERNAL REVENUE CAN NOT BE REPEALED WHILE A REPUBLICAN MAJORITY SITS IN THE SENATE TO DEFEAT SO DEMOCRATIC A MEASURE. THE DEMOCRATIC PARTY IS PLEDGED TO THE REPEAL OF THE REVENUE, AND THE DEMOCRATIC PARTY WILL FULFILL ITS PROMISES TO THE PEOPLE JUST AS SOON AS THE WAY IS OPENED TO THE REALIZATION OF SO LONG CHERISHED A DESIRE.

A NEWSPAPER POSTAL LAW.

The latest postal law decision is to the effect that publishers of newspapers can, under the law, arrest any man for fraud who takes a paper and refuses to pay for it. Under this law it is a dangerous trick for a man to allow his subscription to run on for six months to a year and a half unpaid and then tell the postmaster to mark it "refused" or send the editor a postal card to discontinue the paper.

Some of THE SENTINEL'S subscribers will do well to take notice.

THE WOOL GROWING INDUSTRY.

Wool growing in North Carolina, and indeed in the entire South, is an industry which has long been neglected, and which promises, if attended to as it should be, to add largely to the wealth and prosperity of our State and people. In Texas, this branch of production is a factor of inestimable importance and is so appreciated by the Texas farmers. Says *Southern Industries*: "Sheep husbandry, and particularly the growing of fine wool, may be rendered a very profitable business in the mountainous regions of the South, which are not adapted to cotton or other crops requiring cultivation. Large areas of cheap lands now lying waste might be made profitable by stocking them with sheep and ridding the country of dogs and other enemies to wool husbandry." And here we arrive at the great stumbling block which has retarded the wool interests of our own State. The dogs. When will our legislators see the necessity and importance of passing some law that will encourage the sheep farmer to take renewed hope and enlarge the wool interests of the State?

As long as there are so many dogs allowed to exist without the enforcement of a rigid dog law, just so long will sheep husbandry be at a stand still in North Carolina, and the next Legislature, if it desires to pass an act which will ingratiate itself with the agricultural masses, it can do it no better way than by taking decided steps looking to the taxing of dogs and otherwise encouraging the profitable industry of wool growing.

It has been fully demonstrated that sheep can be kept much cheaper in the mountain regions of the South than in any other portion of the country. It is estimated that the cost of keeping sheep on the highest land in New York and New England on which they are usually kept for wool growing purposes, is \$2.50 per head per year. The cost in the South is mainly confined to the expense of herding, salting and shearing, and does not exceed twenty-five cents per head, where a large number are kept. The cost could be increased to fifty cents, by providing in winter, shelter of some kind and giving a little feed, which would tend to heighten the quality and texture of the wool.

The following taken from *Southern Industries* will demonstrate to our readers the great profit there is in sheep husbandry in the State of Texas:

Estimated number of sheep in the State including bucks, wethers, ewes and lambs, 8,000,000, at a low estimate of \$3 per head, \$24,000,000. Estimated number of acres of land employed for running the same, 20,000,000, at an average value of \$1 per acre, \$20,000,000. Add to this 15 per cent, on the capital invested in sheep alone, or \$21,000,000 for horses, wagons and outfits, together with improvements, such as corrals, sheds, etc., \$3,000,000. This makes a total estimate invested of \$47,600,000.

Ranchmen differ in their estimates of the amount of land necessary to each sheep. Some think two and a half, others four acres; this, of course, depends very much upon the richness of the pastures. The profits arising from this great industry are estimated as follows:

Wool—Eight million head of sheep will produce, at an average of four pounds per head, equal to 32,000,000 pounds. Estimated at 20 cents per pound, net to producer, would be \$6,400,000. This includes freight to market, shipping, and all expenses attending to the selling of the same.

Increase—from 8,000,000 head of sheep at least 3.5 will be breeding ewes, which would make 4,800,000; if each ewe had a lamb and raised it, the increase would be 100 per cent; but cut this down to 60 per cent, a fair average, and you have 2,880,000 lambs, valued at weaning at an average of, say \$2.50 each, would make the increase amount to \$7,200,000. This would make the total gross profit \$13,600,000. Take from this gross profit the cost of running these 8,000,000 sheep for one year, as had from experienced ranchmen, at an average of 55 cents per head, which will include all running expenses, taxes, etc., \$4,400,000. This leaves a net profit of \$9,200,000.

THE Ohio Democrats hit the wedge a sharp square blow, when they embodied the following plank in their platform:

We heartily approve the policy of paying out the surplus revenue heretofore accumulated in the treasury on the interest-bearing debt. Every dollar of unnecessary taxation, State or National, is robbery and in derogation of the rights of the people; an unnecessary surplus in the Treasury is an incentive to corruption and Congressional jobbery, and an oppression of the people, whose money is thus locked up beyond their control.

The hard working tax-payers who are now suffering from trade depression

will bear in mind that it was a Republican Senate who rejected the resolution which proposed to pay out the surplus on the interest-bearing debt, and a Democratic President, who, vested with sufficient authority, took the matter in his own hand, and came to the rescue of the people and inaugurated the policy mentioned.

HON. THOMAS D. JOHNSTON, the present Congressional incumbent from the Ninth District in North Carolina was renominated by acclamation, in the Democratic convention at Asheville Monday. Resolutions were adopted cordially approving CLEVELAND'S administration and approving the action of the Congressmen from this State in endeavoring to procure a repeal of Internal Revenue laws, and urging a continuance of these efforts, and approving their efforts to procure modification and equalization of the war tariffs, and finally expressed as Democrats and Americans their sense of the deep loss sustained by the death of SAMUEL J. TILDEN.

CONGRESS passed a law at the recent session removing the restrictions on special delivery of mail matter, so that the professions of the system will be applied to every postoffice in the country. Letters and all classes of mail matter can soon be sent to any office and be promptly delivered by attaching the ten cent special delivery stamp. The postmasters will not have regular carriers but will be allowed to make any arrangement for immediate delivery that they may desire.

THE SENTINEL acknowledges the receipt of an invitation to attend the ninety-fourth anniversary celebration of the Fayetteville Independent Light Infantry which took place in Fayetteville, Monday, August 23d.

THE Democratic State Convention assembled in Raleigh yesterday, and up to the hour of going to press we have been unable to learn any of its proceedings. A full account will appear in our next.

A BUSINESS PROPOSITION.

The efforts that are made from time to time to give our readers new attractions cost money and we look to them for the "wherewithal," to defray these extra expenses. Notwithstanding this has been a very dull year, THE SENTINEL is to be congratulated upon the promptness with which its patrons have come forward and paid their subscriptions. There are still a few who have neglected this important duty either from force of circumstances in some cases, and others from force of habit. These readers are just as warm friends of THE SENTINEL as the more systematic ones, and can at almost any time cancel their arrears. It is our desire that all our subscribers stand on the same footing, and to bring about this result, we make the following offer:

We will present one of our handsome lithograph crayons of Governor SCALES to every subscriber who between now and the 1st of July pays up to January 1st, 1887. We want to begin the new year of 1887 with clean books and we make this early start to do it. After each account is settled up to January 1st, it will be no difficult matter for all of our subscribers to make their annual payment henceforward as they become due. By this adherence to business method, we will be relieved of the unpleasant task of reminding our readers of their arrears, and it will allow us to expend more time and money and energy in improving THE SENTINEL, and making it even a more popular newspaper than its present increase in circulation would justify us in believing it to be.

A GOOD FARMER'S PAPER.

To all new cash annual subscribers to THE SENTINEL received previous to Aug. 25th, we will send *Country Homes*, for one year, without extra charge.

This is a four column, 16 page paper published at Asheville, N. C., and is devoted specially to the interest of the farmers, industrial pursuits, and the development of the natural resources of the State and South. Printed on good paper, clear type, stitched and trimmed, and the subject matter properly arranged in departments—thus making it an attractive and valuable paper for any family.

This offer is open only until May 25. When you send your subscription, say you want *Country Homes*.

THE REASON WHY.

If you receive this copy of THE Weekly Sentinel without having ordered it, you will understand that your name has been given us as a wide-awake representative citizen of your section who would be likely to aid a worthy newspaper in reaching the intelligent readers of his county, and of the entire State.

We ask at your hands a careful inspection of the paper, and when you have done so, hand this copy to your neighbor, and then see if you can't get us up a club of subscribers in your neighborhood.

PERSONAL.

Col. T. M. Argo will run as an independent Republican against Capt. Swift Galloway for the solicitorship of the Raleigh district.

Robt. D. Graham, Esq., of Charlotte, has resigned his position as Secretary of the Civil Service Commission. J. T. Doyle, of New York succeeds him.

Rev. J. H. Foy, D. D., of Missouri, a native of North Carolina and formerly a Campbellite preacher, united with the Episcopalians some years ago, has now asked the Bishop to depose him from the ministry.

The name of Hon. Jesse J. Yeates, who formerly represented the Second District in Congress, is spoken of in connection with the Assistant Solicitor Generalship. Maj. Yeates has a law office in Washington City.

It is said that when the news of Maj. Latham's nomination to Congress in the first district reached Nag's Head, where Mrs. Latham and Mrs. Skinner were both at the hotel, the latter lady walked across the ball room and cordially congratulated Mrs. Latham.

C. R. Thomas, Jr., one of the promising young men of North Carolina, has been nominated for the House of Representatives by the Democrats of Carteret county. He will make a useful member of the Legislature. There is no doubt of his election.—*Kinston Free Press*.

The Rev. J. C. Price is no mixed breed. He is a thorough blood African and as black as night, but he is smart, in truth, and delights his audience from the time he begins to speak until he ends his discourse. It is conceded by all who heard him in Wadesboro that he is a very remarkable man.—*Wadesboro Intelligence*.

CROP NOTES.

The crops in the Stanhope section of Nash county are better than for years, said a gentleman who has recently gone over that section.—*Wilson Advance*.

The recent rains, followed by the splendid season causes the phiz of the farmer, which was so very long two weeks ago, to assume its normal look of contentment.—*Salisbury Watchman*.

The farmer of to-day is by far a happier individual than the farmer of a month ago, and from the reports that now come in from the reports that now come in from the country there will be a big crop of corn and cotton.—*Charlotte Observer*.

The largest yield of wheat per acre in Lincoln county that the *Press* has heard of so far this year was made by Col. W. H. Motz. From one acre he made 46 measured bushels, which weighed 65 pounds per bushel, or 49 bushels by weight. The wheat was of the Fultz variety and two and a half bushels were sown to the acre.

In our ride through portions of Cumberland and Sampson, on our way to Clinton last week we were agreeably surprised. We saw, during our drive of thirty-five miles, but three fields of really poor corn, while the eye was constantly delighted by long stretches of splendid yield, cotton in condition, and a fine growth of sweet potatoes.—*Fayetteville Observer-Gazette*.

STATE CHURCH NOTES.

Reveries reported in the *Advocate* at Princeton, Thompson's Chapel, Ansonville and Mt. Carmel.

Bishop Lyman confirmed six persons a mile and a half from Lincolnton, at the Church of our Saviour.

A Baptist church will be organized in Concord, Friday, Sept. 3d. The new church will have 15 or 18 members.

Reveries reported in Raleigh *Advocate*: Shady Grove, Granville, 11 additions; Craven Circuit 15 additions; Haw River Circuit 18 additions.

In the North Carolina Presbyterian revivals are reported at Bluff Church, Bethel and at Geneva, Granville county. Eleven professions are reported at the last and fifteen at Bethel.

Bro. R. N. Cobb, of Hickory, writes that it is a mistake that he has given up preaching entirely to devote his whole time to writing a history of the North Carolina Baptist.—*Asheville Baptist*.

Reveries reported in the Raleigh *Recorder*: John's Chapel 17 professions; Moore's Chapel 6 professions; Trading Ford 5 baptisms; Antioch 20 baptisms; Hill's X Roads 11 additions; Shiloh 47 additions; Rev. J. M. Hollman reports 18 additions at two churches; J. A. Hoyle reports 31 baptisms.

The protracted meeting is progressing finely. Our Camden preachers, Overly, Horton, Briggs and others are well known here, but Rev. R. E. Poole is a new man with us, he is, however, one of the most successful preachers we ever heard. Twenty-one additions had been made to the church by the middle of the week.—*Elizabeth City Economist*.

The protracted meeting at Pactolus is proving a successful one, and much interest is manifested. On last Sunday Rev. Thos. Carwick baptised four persons and on Monday two more.—Rev. F. McGlathorn, of the Free Will Baptist Church, baptised twelve persons in Ferber mill pond, four miles from town, last Sunday.—*Greenville Reflector*.

IMMIGRATION ITEMS.

E. W. Thompson, Esq., of New York, has purchased land near Vaughan's Station, and will move permanently to North Carolina when the fall sets in.

A gentleman near Warrenton who settled some time since writes for tickets from Liverpool to Warrenton for one of his friends. His status as is quite certain of leading several other English families in that section.

A. B. Lowellyn, of Parker House, Boston, Mass., wishes to know of some opening in a manufacturing business in North Carolina. He says he has been engaged in oil manufacturing and has about two thousand dollars to invest.

Mr. J. H. Mettler of Lancaster writes that several of his friends are desirous of visiting North Carolina, but on account of his time being so fully occupied he has been unable to accompany them; however, he expects to increase the party and visit us during the latter part of October's next.

G. W. Fairbanks, of Knox, Ind., one of the Southern Agents for North Carolina, writes Commissioner Patrick that the immigration of our State has fallen off and that farmers and home owners are looking towards the South for investments. He has great success for the immigration business of N. C. for the coming winter.

Children cry for it, but they stop crying at once, after they have taken a single dose, as Dr. Bull's Baby Syrup cures all pains our little ones are subject to. Price 25 cents a bottle.

Saved His Life.

Mr. D. I. Wilcox, of Horse Cave, Ky., says he was for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by J. O. Thompson.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., and who are in receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City. Oct. 15, 1885. 1y

Miraculous Escape.

W. W. Reed, druggist, of Winchester, Ind., writes: "One of my customers, Mrs. Louise Pike, Bartonia, Randolph Co., Ind., was a long sufferer with consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began using it. In six months' time she was able to walk to this city, a distance of six miles, and is now so much improved she has quit using it. She feels she owes her life to it. Free Trial Bottles at V. O. Thompson's Drug Store.

Prof. Cook Heard From.

Prof. Cook lately wrote: "Having studied man and his relations fifty years, and having read Dr. E. B. Foote's 'Plain Home Talk,' I say, disinterestedly and emphatically, that it is worth its weight in gold, nay, gold cannot measure its value to humanity. It is such a book as only such a healthy, well-balanced brain can produce. Dr. Foote is one of the few doctors who, in his writings and practice, seeks to cure, not kill; to save and prolong life, not obstruct, poison, or destroy it; to teach people the structure, functions, facts, forces and relations of the human brain and body, teach people the significance of life and how to make it healthy and happy, also how to make the most of it. Its information, instruction and advice in regard to parentage, marriage, social and sexual functions and relations; its facts and laws of mental, magnetic and temperamental adaptation in marriage and parentage; that children may be healthy, happy and viable, etc., etc., make it more valuable to suffering humanity than my poor words can express. What a vast amount of saving information for the people! a large book of 900 pages for only \$1.50. Prof. J. H. Cook.
